

**RIZON**

Pegasus 200 PRO

Portable Full Height Tandem Turnstile

Common Applications

- Perimeter control/fence line security
- Time and attendance integration
- Loss prevention
- Employee and visitor access control
- Unmanned point of entry
- Single-direction traffic control/one-way exiting

Introducing the Rizon Pegasus 200 PRO. Built with construction site security in mind, the Pegasus 200 PRO offers the worlds most advanced all-in-one unmanned pedestrian security checkpoint turnstile solution. The Pegasus 200 PRO uses what makes the Pegasus series our best-selling product: its compact "drop anywhere" design, and its universal compatibility with access control software and hardware. Our Pro products are built Rizon tough and proudly made in the USA. The Pegasus 200 PRO is also available with Rizon's workforce management and safety software.
